\$250 HS/MS Dance • \$450 Senior/Junior Prom • \$95 / hour for other events • Fully Insured • 10000 Watt Sound System • Club Lighting Setup • Age Appropriate Content

We are a professional DJ service with very affordable rates. For school dances and proms we are considerably less expensive than most other professional DJs and we provide a club-quality sound and lighting show that we guarantee no one can match for the price.

Using the internet we have a virtually unlimited musical catalog. We have 60GB of music on site plus the ability to download (legally) almost any requested song. We also screen all our music for age-appropriate content using the online service at [www.noplaylist.com](http://www.noplaylist.com).

You'll be hard-pressed to find anybody out there that has the music selection, sound system and lighting that we have at our prices. Call or email us now for a quote for your event.
